

SUPERNATURALZ CREW

The Supernaturalz Crew was founded in 1992 and has since grown into an international class competitive team renowned as Canada's finest. Throughout the years, the Supernaturalz have endeavoured to teach and serve the bboy community with their positive vibe, competitive spirit, and by spawning new generations of dancers to pursue their passion for the bboy dance form. Their performance calibre and skill level is unmatched in this country and is the best choice for anyone desiring authentic street dancers with top-notch performance techniques.

They have a loyal following in both their native city Toronto and internationally. Their impressive resume of national titles and international invites sets them apart from any other bboy crew in the country and amongst the world's top dancers in their field. Supernaturalz were given the title "Team Canada" after winning Bboy Unit Canada Regional Eliminations, and will be representing our nation at the world finals in both Seoul Korea, and Beijing in November 2008.
